Are you keen on using ICT in your school project? Do you want to learn from good practice?

The conference is organised by the Austrian partner in Comp@ct, Education Highway in cooperation with the network partnership. http://www.eduprojects.net/conference
Connecting Comenius Schools

Thematic Conference in Linz, Austria 27 - 30 November 2003

Thematic Areas
- use of virtual learning environments in education
- best practice in collaboration via online media
- use of emerging technologies (streaming media, media on demand solutions, audio broadcasting) in education
- use of ICT in projects on special needs education

Main Objectives
- to promote networking and an exchange of experiences between teachers experienced/interested in the thematic areas
- to provide examples for communication via ICT and opportunities for reflection and to provide a platform for dissemination of good classroom practice

Target Group
- teachers currently involved in COMENIUS projects dealing with ICT
- or other joint collaborative projects

Conference Fee
There is NO conference fee.

Costs
Participants take care of their own costs; appr. 300 – 330 € per participant for subsistence/accommodation and public means of transport, and travel costs to Linz, Austria.

Conference Programme
Arrivals on Thursday 27 Nov. The keynote speakers, group sessions in selected thematic area and plenary sessions, exchange of results are included in programme on Friday - Saturday 28 - 29. Departures on Sunday 30 November.
